

# Partnership in alloys

## Nodularising alloys

Nodularising alloys for  
the cast iron industry

Nickel-Magnesium 5%, 15%, 20%

Nickel-Magnesium-Cerium(MM)

Nickel-Magnesium-Iron

Nickel-Magnesium-Cerium(MM)-Iron

Nickel-Magnesium-Silicon-Iron

Nickel-Magnesium-Silicon-Cerium(MM)-Iron

Copper-Magnesium 10%, 15%, 20%

**Physical form:** waffle plates, lumps of specified size, powder.
